Experience

Front End Development Intern Comely Enterprises • Sgpa - 9.750	Jan 2022 – Feb 2022

• I briefly joined Comely Enterprises as a front-end developer. The team at Comely Enterprises was not only experienced but also exceptionally supportive, providing me with ample opportunities to learn and grow. However, my tenure was cut short due to the colleges reopening in offline mode. Nonetheless, during my time there, I gained valuable professional experience and had the privilege of immersing myself in a positive work culture.

Project Detail

This opportunity allowed me to demonstrate my skills and unwavering commitment to delivering high-quality work.
